

# THE CONNECTIVITY COUNTDOWN: 10 REASONS TO GET GOGO BIZ 4G ASAP

Get ready for Gogo Biz 4G—the breakthrough solution specifically designed to meet your ever-increasing need for airborne broadband speed.

10

## RELIABLE 4G PERFORMANCE

Trusted, high-speed airborne broadband lets you make the most of your time and devices.

09

## LIGHTNING FAST INTERNET

Surf the web, stream video and audio, and send/receive emails with virtually any attachment.

08

## SINGLE LRU

A single, feature-rich and future-ready system that's suitable for just about any business aviation aircraft.

07

## INTEGRATED IFE

Gogo Vision comes standard and delivers Hollywood blockbusters, hit TV shows, flight information and more—direct to passenger devices.

06

## VIDEO & AUDIO STREAMING

Streaming video & audio lets you use your favorite services.

05

## PERSONAL SMARTPHONE USE

Integrated Gogo Text & Talk service lets passengers and pilots call/text with their own phone and number.

04

## EXPANDED NETWORK COVERAGE

Gogo 4G delivers proven, reliable, seamless connectivity over the continental U.S. and portions of Canada and Alaska.

03

## WORLD-CLASS SUPPORT

Gogo has been ranked #1 by AIN's Product Support Survey six years in a row.

02

## BIG SAVINGS FOR CURRENT GOGO CUSTOMERS

For a limited time, current ATG 5000 and ATG 4000 customers can lock in a deeply discounted Gogo 4G equipment price:

- \$75,000 - Current ATG 5000 customers
- \$85,000 - Current ATG 4000 customers

01

## YOUR KEY TO NEXT GEN SPEEDS

Your Gogo 4G system will allow you to easily upgrade and access Next Gen speeds up to 100 Mbps (coming in 2018).

## DON'T GET LEFT ON THE TARMAC

Sign up. Save big. And secure your place in line for Next Gen by committing to Gogo Biz 4G now.

## ARE YOU READY TO FLY SMARTER?
