

Gogo AVANCE SCS Elite

The king of the cabin that lets you rule your inflight experience

AVANCE SCS Elite is a powerful platform that makes it easier for operators to deliver a smart cabin experience: where passengers can simply and reliably access and use all available data, voice, maps, and entertainment.

FEATURES

Smart router for an integrated, automated cabin experience

- Advanced 802.11ac dual-band router (5GHz & 2.4GHz) maximizes bandwidth and optimizes in-cabin Wi-Fi performance
- Dynamic, multi-bearer data and voice management

Gogo Vision inflight maps, entertainment and information

- FlightPath3D Moving Map
- Destination weather (coming soon)
- News clips
- eMagazine (subscription required)
- Unlimited licensed movies (subscription required)
- Unlimited TV episodes (subscription required)
- Multi-language audio tracks and user interface selection
- Automatic content updates available at any Gogo Cloud global FBO location or via Gogo Cloudport
- One touch access to select Cabin Management System (CMS) services (contact Gogo for information)

Terrestrial modem

- Complimentary internet on the ground in 100+ countries

PBX auto attendant manages and personalizes voice calls

- Manages and routes calls over Iridium, Inmarsat and Gogo Biz/Gogo Biz 4G
- Auto attendant can be enabled to greet people calling the aircraft, and allows caller to ring cockpit, the cabin or all phones

Award-winning service and support

- 24/7/365 monitoring and global support
- Remote service activations
- Gogo DASH tools provide visibility into the health of Gogo systems
